FULL STACK DEVELOPER

I am a highly skilled web developer in **HTML, CSS and JavaScript**. I have knowledge of the popular **React** framework and experience with REST APIs.

TECHNICAL SKILLS

Languages	: JavaScript, HTML, CSS
Frameworks	: React.js, Express, Node.js
Libraries	: React Router
Databases	: MongoDB
Dev Tools	: Visual Studio Code, Git, Github

INTERNSHIP/TRAINING

Full Stack Web Development

Acciojob

june 2025 – Present
(Offline Branch Noida, Uttar Pradesh)

- Completed an 8-month intensive Full Stack Web Development program focused on the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Developed end-to-end full-stack projects, implementing CRUD operations, routing, state management, and responsive UI optimization.
- Built and integrated RESTful APIs using Node.js Express, and connected them with frontend via Axios Fetch API.
- Utilized Git, GitHub, Postman, and Chrome DevTools for version control, debugging, API testing, and performance improvements.
- Deployed applications on Netlify, Vercel, and Render, ensuring cross-device compatibility and optimized load times.
- Improved application speed by learning optimization techniques like code splitting lazy loading

EDUCATION

Dr.Bhimrao Ambedkar University

Bachelor of Science in Mathematics

Mathura, Uttar Pradesh

2021 – 2024

PROJECTS

Project 1

HTML, CSS, JavaScript

[Source Code](#)

- * Built a personal portfolio website showcasing projects, skills, and experience using modern web technologies.
- * Optimized website for **speed and user experience**
- * Utilized **responsive design** to ensure compatibility across all devices
- * Deployed on GitHub pages via GitHub Actions

Project 2

[Source Code](#)

- * Developed an interactive **Simon Says game** using JavaScript, featuring dynamic color patterns and real-time user input validation.
- * Implemented game logic, score tracking, and increasing difficulty levels to enhance user engagement.
- * Designed a clean, responsive interface to ensure smooth gameplay across devices.
