Professional Summary

MERN Stack Developer with hands-on experience building and deploying 3+ full-stack web applications using React.js, Next.js, Node.js, Express.js, and MongoDB. Skilled in REST API design, authentication, CRUD operations, and responsive UI development, with a strong foundation from an intensive full-stack training program and active open-source contributions on GitHub.

Technical Skills

Languages	JavaScript (ES6+), HTML5, CSS3
Frontend	React.js, Next.js, Tailwind CSS, Framer Motion
Backend	Node.js, Express.js, REST APIs, JWT Authentication
Database	MongoDB, Mongoose
Tools	Git, GitHub, VS Code, Vercel, Postman

Professional Training

MERN Full Stack Development	May 2025 – Mar 2026
AccioJob	Noida, Uttar Pradesh

- Completed intensive full-stack training covering JavaScript, React.js, Node.js, Express.js, and MongoDB.
- Built and deployed full-stack applications implementing REST APIs, CRUD operations, JWT-based authentication, routing, and frontend-backend integration.

Projects

Braj Path Pradarshak – Travel Website	Next.js, Tailwind CSS	Live Demo
---------------------------------------	-----------------------	---------------------------

- Built and deployed a responsive travel website showcasing Braj destinations and travel services, using Next.js for server-side rendering and improved SEO.

Personal Portfolio	Next.js, Tailwind CSS, Framer Motion	Live Demo
--------------------	--------------------------------------	---------------------------

- Developed and deployed a responsive personal portfolio with smooth page transitions using Framer Motion, hosted on Vercel with CI/CD on push.

AvsarDiary – Job Application Tracker	MERN Stack, JWT, Recharts	Live Demo
--------------------------------------	---------------------------	---------------------------

- Built and deployed a full-stack job application tracker with JWT authentication, bcrypt password hashing, and user-scoped REST APIs ensuring strict data isolation per user.
- Implemented a live analytics dashboard using Recharts to visualize application status (Applied, Interview, Offer, Rejected) with real-time stat counters.
- Deployed frontend on Vercel and backend on Render with MongoDB Atlas, configuring CORS and environment variables for production.

Education

Master of Computer Applications (MCA)	2026 – Present
BSACET Mathura	
Affiliated to Dr. A.P.J. Abdul Kalam Technical University (AKTU)	Lucknow, Uttar Pradesh

Bachelor of Science (B.Sc.) – PCM	2021 – 2024
Shri Siddhi Vinayak Mahavidhyalaya	
Affiliated to Dr. Bhimrao Ambedkar University, Agra	CGPA: 7.54/10

Certifications

MERN Full Stack Development — AccioJob	Mar 2026
Frontend Developer (React) — HackerRank	Aug 2026
Fundamentals of Machine Learning and Generative AI— AWS Training & Certification	Aug 2026
